**We are seeking \$50,000 from the Terre Haute Redevelopment Commission to add to an upcoming Patronicity campaign to improve the streetscape in the Historic 12 Points neighborhood. The campaign will start in May 2021 and we expect it to last 30 days. Upon completion, the IHCDa will send matching funds to the 12 Points Revitalization, Inc. (501c3) within 2 business days. Then, all plans must be implemented within 12 months.**

The Indiana Housing and Community Development Authority (IHCDa) in conjunction with [Patronicity.com](https://www.patronicity.com) is pleased to announce the launch of "CreatINg Places", a place-based crowdfunding grant program. CreatINg Places employs a donation and reward-based method of crowdfunding called "crowdgranting". In crowdgranting, citizens actively support projects and activities through web-based donations which, if the fundraising goal is reached within a set time, are matched by a sponsor.

CreatINg Places aims to help generate public involvement in the selection of creative improvements within their own communities, help provide the funding to see the project through completion, and instill community pride when citizens become invested in their surroundings.
